Hello we are the student from Taipei.
 We like to eat delicious food, we like to do exercise, read comic book, today we are going to introduce you, DANSHUI Mackay.

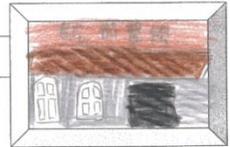

- Step 1 : 歷史
 Talk about your historic spot.
 -- Who built it?
 -- When was it built?
 -- Why was it built?
 -- Any wars happened in this place?

Last month, we went to the hospital at Chunei. It's really big. Inside the hospital it's very quiet too. We also eat breakfast in the hospital, that is funny. Mr. Mackay is really a good doctor, he helps so many people in Taiwan, so we all remember him but I don't like to go to there, because it's too far.

- Step 2 : As a tour guide, how do you feel about the place?
 -- Do you like this place or not? Why?

Hello, we are from Datong high school. Our names are pretty Emily, beautiful Pei shan, handsome Wei chang, and ugly Jimmy. We like Taiwan very much because it's a beautiful country. We decided introduction Haiman natural barrier for you because it's a famous historical sites!! XD

We went to Haiman natural barrier. It was built by Mingchuan Liu at 1840. He built it by bricks. Why did ~~they~~ build it? It was because ~~they~~ needed it to protect Taiwan and with other countries invades and attacks, but now it became a scenery. We slept on the train because we got up early. However, we still have a lot of energy to go there. We like Haiman natural barrier very much because it's our country's important history sites.
